

# AUGER RACKS

Keep your augers organized and safely stored with a Star Industries Auger Storage Rack. The unique 'Drop-N-Go' design stores with the coupler up, allowing your skid steer or mini excavator to place the auger directly on the pallet eliminating the need for manual handling. The 'Teeth Up' design allows for augers up to 28" in diameter, easily maintain the bits and move the loaded rack with a forklift.

- Two types to choose from:  
Teeth Up and Couplers Down
- Stores augers of various sizes
- Protects augers from accidental damage and operators from handling injuries

## COUPLER UP AUGER RACK

**Model 160A-16:** Drop-N-Go Auger Rack for 48" tall augers

**Model 160A-16-42:** Drop-N-Go Auger Rack for 42" tall augers

- Unique "Drop-N-Go" design allows your skid-steer or mini-excavator to place the auger directly on the Drop-N-Go Auger Pallet eliminating the heavy handling by hand.
- Use with All Auger diameters up to 48"
- Stores Augers with all size couplers
- Stores up to 10 augers
- Individual safety chains secure augers to the pallet
